### Question 1

- **Question ID:** BK01\_CH03\_LA\_001
- **Type:** Long Answer
- **Difficulty:** Easy
- **Bloom Level:** Understanding
- **Topic:** Comprehensive Analysis 1
- **Marks:** 5

**Question:** Write a simple summary of the story 'The Elephants and the Mice'.

**- Answer Key:** An earthquake destroyed a village, and a colony of mice made it their home. A herd of giant elephants passed through to reach a lake, accidentally trampling many mice. The King of Mice requested the Elephant King to change their route, promising to return the favor. The Elephant King laughed but agreed. Later, hunters trapped the elephants in rope nets. The mice came immediately, chewed through the ropes with their sharp teeth, and freed the elephants. The Elephant King thanked the mice warmly.

### Question 2

- **Question ID:** BK01\_CH03\_LA\_002
- **Type:** Long Answer
- **Difficulty:** Easy
- **Bloom Level:** Understanding
- **Topic:** Comprehensive Analysis 2
- **Marks:** 5

**Question:** Describe how the mice colony came to live in the village.

**- Answer Key:** A major earthquake struck a village, causing severe damage. The human residents abandoned their homes and moved away. Seeing the quiet, empty buildings, a large colony of mice decided to move in and make the ruined village their peaceful home.

### Question 3

- **Question ID:** BK01\_CH03\_LA\_003

- Difficulty: Medium

- Bloom Level: Analyzing

- Topic: Comprehensive Analysis 16

- Marks: 5

**Question:** Explain the proverb 'A friend in need is a friend indeed' using events from the story.

**- Answer Key:** This proverb means that a true friend is one who supports and helps you during difficult times. When the elephants were trapped in nets and helpless, the mice proved to be true friends by rushing to cut the ropes, fulfilling their promise and saving the herd.

### Question 17

- Question ID: BK01\_CH03\_LA\_017

- Type: Long Answer

- Difficulty: Medium

- Bloom Level: Analyzing

- Topic: Comprehensive Analysis 17

- Marks: 5

**Question:** Compare the physical capabilities of elephants and mice in the story.

**- Answer Key:** Elephants possessed massive body size and great physical strength, but they could not break tied ropes. Mice had tiny bodies and sharp teeth, which allowed them to move through small spaces and chew through thick ropes easily.

**Question 18**

- Question ID: BK01\_CH03\_LA\_018
- Type: Long Answer
- Difficulty: Medium
- Bloom Level: Analyzing
- Topic: Comprehensive Analysis 18
- Marks: 5

**Question:** How did kindness shown by the elephants return to help them later?

- Answer Key: By kindly agreeing to change their marching route, the elephants saved the mice colony. That act of consideration earned the mice's loyalty, which motivated the mice to save the elephants from the hunters later.

**Question 19**

- Question ID: BK01\_CH03\_LA\_019
- Type: Long Answer
- Difficulty: Medium
- Bloom Level: Analyzing
- Topic: Comprehensive Analysis 19
- Marks: 5

**Question:** Discuss the importance of teamwork shown by the mice during the rescue.

- Answer Key: One mouse alone could not cut heavy nets in time. By working together as a colony, hundreds of mice gnawed different sections of the ropes simultaneously, enabling a fast and successful rescue.

**Question 20**
