Answer Key: Two cats found a roti, began to fight and shout,

A clever monkey offered help — but ate it all, no doubt;

The cats were left with nothing, their friendship nearly burned,

'Stay united, don't let outsiders in' — the lesson they both learned!

5. Long Answer & HOTS Questions

> **Category:** Long Answer | **Total:** 50 Questions | **Marks:** 5 each

Question 1

Question ID: BK03_CH03_LA_001

Difficulty: Easy

Bloom Level: Remembering

Marks: 5

Question: Narrate the complete story of 'Two Cats and the Monkey' in your own words.

Answer Key: One day, two friendly cats were playing on the road when they found a roti. They decided to share it equally but started arguing about who got the bigger piece. Unable to resolve the dispute, they asked a monkey sitting on a wall to be their judge.

The cunning monkey had been watching their fight and saw an opportunity. He pretended to compare the pieces, taking a bite from one saying it was bigger, then from the other. He kept repeating this until the entire roti was gone. The helpless cats could only watch. The monkey jumped on the wall and vanished. The cats realised they were foolish to fight and trust a stranger. Moral: Fighting amongst yourselves allows others to take advantage of you.

Question 2

Question ID: BK03_CH03_LA_002

Difficulty: Easy

Bloom Level: Understanding

Marks: 5

Question: Describe the characters of the two cats and explain their mistake.

Answer Key: The two cats were friends who found a roti and tried to share it equally. However, they were stubborn and distrustful — each thought the other got more. Their mistake was:

1. Not trusting each other despite being friends.
2. Fighting over a tiny difference.
3. Choosing a stranger (monkey) as judge without verifying his intentions.
4. Ceding all decision-making power to the monkey.

Question 3

Question ID: BK03_CH03_LA_003

Difficulty: Easy

Bloom Level: Understanding

Marks: 5

Question: Explain the monkey's plan and how he executed it.

Answer Key: The monkey had been observing the cats' fight and saw a chance to eat their roti. His plan:

1. Eagerly agreed to be 'neutral judge'.
2. Lifted both pieces and pretended to compare.
3. Took bites from each piece, always claiming one was bigger.
4. Repeated this until the entire roti was consumed.

5. Jumped away and vanished without remorse.

Question 4

Question ID: BK03_CH03_LA_004

Difficulty: Easy

Bloom Level: Applying

Marks: 5

Question: Explain the moral of the story with examples.

Answer Key: Moral: Fighting amongst yourselves allows others to take advantage.

Examples:

- Two siblings fighting over a toy may have it confiscated by a parent.
- Two business partners fighting may lose their company to a competitor.
- Two friends fighting may be manipulated by a third person seeking to benefit.

Question 5

Question ID: BK03_CH03_LA_005

Difficulty: Easy

Bloom Level: Understanding

Marks: 5

Question: Describe the vocabulary words: Frolicking, Neutral, and Gobbled.

Answer Key: 1. Frolicking: Playing and behaving in a cheerful, lively way. The cats were frolicking on the road.

2. **Neutral**: Not supporting either side in an argument. The cats wanted a neutral judge.

3. **Gobbled**: Ate quickly and greedily. The monkey gobbled up the full roti.

Question 6

Question ID: BK03_CH03_LA_006

Difficulty: Easy

Bloom Level: Analyzing

Marks: 5

Question: Why did the cats need a judge and why was their choice poor?

Answer Key: They needed a judge because they could not agree on whether the roti pieces were equal. Their choice was poor because:

1. The monkey was a stranger with no obligation to be fair.
2. They did not verify his intentions.
3. They gave him complete authority without oversight.

Question 7

Question ID: BK03_CH03_LA_007

Difficulty: Easy

Bloom Level: Applying

Marks: 5

Question: What would have happened if the cats had not fought?

Answer Key: If they had not fought, they would have eaten their roti together happily. Even if the pieces were slightly unequal, both would have been satisfied with their share. Fighting cost them everything.

Question 8

Question ID: BK03_CH03_LA_008

Difficulty: Easy

Bloom Level: Analyzing

Marks: 5

****Question**:** How does the story show that small problems can become big?

Answer Key: A tiny size difference in the roti pieces was a small problem. But it escalated: argument → tired of arguing → seeking outside help → getting cheated → losing everything. This shows how small disputes can snowball into total loss.

Question 9

Question ID: BK03_CH03_LA_009

Difficulty: Easy

Bloom Level: Creating

Marks: 5

****Question**:** Write a short letter from one cat to the other after the incident.

Answer Key: Dear Friend,

I am so sorry for our silly fight over the roti. Because of our argument, the cunning monkey ate everything and we got nothing. I have learned that trusting each other is more important than being right about who got the bigger piece. Let us promise to always resolve our differences peacefully from now on.

Your friend,

Cat

Question 10

Question ID: BK03_CH03_LA_010

Difficulty: Easy

Bloom Level: Understanding

Marks: 5

****Question**:** Summarise Chapter 03 in five key points.

Answer Key: 1. Two cats found a roti and decided to share equally.

2. They argued over who got the bigger piece.
3. They asked a monkey to judge, who pretended to compare the pieces.
4. The monkey ate the entire roti by taking bites from each piece.
5. The cats learned: fighting allows others to take advantage.

Question 11

Question ID: BK03_CH03_LA_011

Difficulty: Easy

Bloom Level: Analyzing

Marks: 5

****Question**:** What role does greed play in both the cats' and monkey's actions?

Answer Key: Cats: Greed made each want the 'bigger' piece instead of accepting what they had.

Monkey: Greed motivated him to exploit their dispute to eat the entire roti.

In both cases, greed led to negative outcomes.

Question 12

Question ID: BK03_CH03_LA_012

Difficulty: Easy

Bloom Level: Comparing

Marks: 5

****Question**:** Compare the monkey's cunning with a trickster character from another story.

Answer Key: Like the fox in 'The Fox and the Crow' who flatters the crow to steal the cheese, the monkey exploits the cats' weakness (their dispute) to steal their roti. Both tricksters use others' flaws against them.

Question 13

Question ID: BK03_CH03_LA_013

Difficulty: Easy

Bloom Level: Analyzing

Marks: 5

****Question**:** How did the cats feel at different points in the story?

Answer Key: 1. Happy: When they found the roti.

2. Excited: When they decided to share.

3. Angry: When they argued over sizes.

4. Hopeful: When they found a 'neutral' judge.

5. Helpless: Watching the monkey eat.

6. Sad and foolish: Realising their mistake.

Question 14

Question ID: BK03_CH03_LA_014

Difficulty: Easy

Bloom Level: Evaluating

Marks: 5

****Question**:** Why is compromise better than seeking outside judges?

Answer Key: Compromise preserves relationships, ensures both parties get something, and avoids the risk of a biased or self-interested outsider taking everything.

Question 15

Question ID: BK03_CH03_LA_015

Difficulty: Easy

Bloom Level: Creating

Marks: 5

****Question**:** Draft a new ending where the cats solve their problem wisely.

Answer Key: The two cats looked at the slightly unequal pieces. 'Let me take the smaller one,' said the first cat generously. 'No, I will take the smaller one,' replied the second. They laughed and swapped pieces, enjoying their roti together. The monkey on the wall sighed and went looking for food elsewhere.

Question 16

Question ID: BK03_CH03_LA_016

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

****Question**:** Analyse how the monkey maintains control throughout the judging.

Answer Key: He maintains control by: 1) Setting himself as sole authority. 2) Holding both pieces in his hands. 3) Creating a loop of 'this one is bigger' + bite. 4) Moving too quickly for the cats to protest. 5) Continuing until nothing remains.

Question 17

Question ID: BK03_CH03_LA_017

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

****Question**:** How does trust between friends break down in this story?

Answer Key: Trust breaks when the cats cannot accept slight inequality. Instead of trusting each other's good intentions, they assume the worst (cheating), which escalates to involving a stranger who exploits them.

Question 18

Question ID: BK03_CH03_LA_018

Difficulty: Medium

Bloom Level: Comparing

Marks: 5

****Question**:** Compare the moral of Ch 03 with 'A stitch in time saves nine'.

Answer Key: Both emphasise addressing problems early. If the cats had accepted the tiny difference immediately (stitch in time), they would have saved the entire roti (saves nine).

Question 19

Question ID: BK03_CH03_LA_019

Difficulty: Medium

Bloom Level: Applying

Marks: 5

****Question**:** How does this story prepare children for conflict resolution?

Answer Key: It teaches: 1) Stay calm during disagreements. 2) Compromise is better than winning at all costs. 3) Be careful who you trust to mediate. 4) Internal resolution is safer than external intervention.

Question 20

Question ID: BK03_CH03_LA_020

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

****Question**:** Explain the concept of 'opportunity exploitation' using the monkey's actions.

Answer Key: The monkey saw the cats' internal conflict as an opportunity. He positioned himself as a helper but used his authority to exploit them for personal gain — a classic case of opportunity exploitation.

Question 21

Question ID: BK03_CH03_LA_021

Difficulty: Medium

Bloom Level: Evaluating

Marks: 5

****Question**:** How does the story illustrate the consequence of stubbornness?

Answer Key: Both cats stubbornly insisted the other got more. Neither would compromise. This stubbornness led them to seek external help, which resulted in total loss. Stubbornness caused them to lose what flexibility would have preserved.

Question 22

Question ID: BK03_CH03_LA_022

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

****Question**:** What makes the monkey a successful manipulator?

Answer Key: 1) He observed the vulnerability first. 2) He offered help eagerly. 3) He created a plausible excuse (making portions equal). 4) He acted quickly. 5) He left before they could react. This is a textbook manipulation pattern.

Question 23

Question ID: BK03_CH03_LA_023

Difficulty: Medium

Bloom Level: Applying

Marks: 5

****Question**:** How would you advise the cats if you were their friend?

Answer Key: I would say: 'Friends, a small difference in size does not matter when you both get to eat. Accept the pieces as they are, enjoy your meal together, and never let a small issue destroy your friendship.'

Question 24

Question ID: BK03_CH03_LA_024

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

****Question**:** Discuss the theme of 'Appearances vs Reality' in the story.

Answer Key: Appearance: The monkey appears neutral and helpful.

Reality: He is a selfish opportunist.

Appearance: The pieces seem unequal.

Reality: The difference was negligible.

Both appearances deceived the cats.

Question 25

Question ID: BK03_CH03_LA_025

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

Question: How does the narrative structure create suspense?

Answer Key: The story builds suspense by: 1) Setting up the roti find (hope). 2) The argument (tension). 3) Finding the monkey (relief). 4) The monkey eating bite by bite (growing horror). 5) Complete loss (shock). This arc keeps readers engaged.

Question 26

Question ID: BK03_CH03_LA_026

Difficulty: Medium

Bloom Level: Analyzing

Marks: 5

Question: Why is the story's setting (street, wall) significant?

Answer Key: The street is a public place where disputes happen openly. The wall gives the monkey a vantage point to observe — and a quick escape route. These settings enable the plot naturally.

Question 27

Question ID: BK03_CH03_LA_027

Difficulty: Medium

Bloom Level: Evaluating

Marks: 5

Question: How does the Panchatantra make moral lessons memorable?

Answer Key: Through: 1) Relatable animal characters. 2) Clear conflict and resolution. 3) Dramatic consequences. 4) Explicit moral statement. 5) Simple language for all ages.

Question 28

Question ID: BK03_CH03_LA_028

Difficulty: Medium

Bloom Level: Evaluating

Marks: 5

Question: What are the consequences of not resolving conflicts peacefully?

Answer Key: Loss of resources (roti), damaged relationships (friendship), exploitation by outsiders (monkey), and emotional regret (foolishness). This story demonstrates all four.

Question 29

Question ID: BK03_CH03_LA_029

Difficulty: Medium

Bloom Level: Creating

Marks: 5

Question: Design a classroom poster based on the moral of Chapter 03.

Answer Key: Title: 'United We Share, Divided We Lose'

Image: Two cats smiling while sharing roti vs. a monkey eating between fighting cats.

Message: 'Resolve disputes together — don't let outsiders take what belongs to you!'

Question 30

Question ID: BK03_CH03_LA_030

Difficulty: Medium

Bloom Level: Evaluating

Marks: 5

Question: Explain how this story connects to the concept of teamwork.

Answer Key: Teamwork requires trust, communication, and compromise. The cats failed at all three: they didn't trust each other, communicated through arguments, and refused to compromise. Result: they lost everything.

Question 31

Question ID: BK03_CH03_LA_031

Difficulty: Hard

Bloom Level: Evaluating

Marks: 5

Question: Evaluate the philosophical significance of the moral for human societies.

Answer Key: When groups — families, communities, nations — fight internally, external powers exploit the division. History proves this repeatedly: colonialism thrived on divided societies. The Panchatantra recognised this truth millennia ago.

Question 32

Question ID: BK03_CH03_LA_032

Difficulty: Hard

Bloom Level: Analyzing

Marks: 5

Question: Analyse the story through the lens of game theory.

Answer Key: In game theory, the cats face a cooperation vs. competition dilemma. Cooperation (sharing) yields a moderate reward for both. Competition (fighting) yields zero for both and maximum for the monkey (defector). The cats chose competition and lost.

Question 33

Question ID: BK03_CH03_LA_033

Difficulty: Hard

Bloom Level: Evaluating

Marks: 5

Question: Compare the monkey's role to that of corrupt intermediaries in society.

Answer Key: Corrupt intermediaries (lawyers, middlemen, corrupt officials) exploit disputes between parties for personal gain — exactly as the monkey exploited the cats' fight. Both profit from others' conflicts.

Question 34

Question ID: BK03_CH03_LA_034

Difficulty: Hard

Bloom Level: Synthesizing

Marks: 5

****Question**:** Synthesise how Chapters 01-03 create a complete decision-making framework.

Answer Key: Ch01: Think before acting (foresight).

Ch02: Gather information before acting (evidence).

Ch03: Resolve disputes internally (unity).

Together: Wisdom = Foresight + Evidence + Unity — a comprehensive framework for young learners.

Question 35

Question ID: BK03_CH03_LA_035

Difficulty: Hard

Bloom Level: Evaluating

Marks: 5

****Question**:** Critique the narrative from a feminist perspective.

Answer Key: While the cats' gender is unspecified in the original, the story universally teaches conflict resolution regardless of gender. The moral about exploitation through division is applicable to all.

Question 36

Question ID: BK03_CH03_LA_036

Difficulty: Hard

Bloom Level: Creating

Marks: 5

****Question**:** Design a debate topic for Class 3 students based on this chapter.

Answer Key: Topic: 'Should you always solve problems with friends by yourselves, or is it okay to ask someone else to help?'

Team A: Internal resolution preserves trust.

Team B: Sometimes external mediators bring fairness.

Debrief: Discuss when each approach works best.

Question 37

Question ID: BK03_CH03_LA_037

Difficulty: Hard

Bloom Level: Evaluating

Marks: 5

****Question**:** Assess the story's effectiveness in teaching emotional regulation.

Answer Key: Highly effective: It shows that uncontrolled anger (fighting over roti) leads to exploitation. Emotional regulation (staying calm, compromising) would have preserved both the roti and the friendship.

Question 38

Question ID: BK03_CH03_LA_038

Difficulty: Hard

Bloom Level: Analyzing

Marks: 5

****Question**:** How does the story model consequential thinking for children?

Answer Key: It shows: Action (fighting) → Consequence (seeking judge) → Further Consequence (exploitation) → Final Consequence (total loss). Children learn to trace action-consequence chains.

Question 39

Question ID: BK03_CH03_LA_039

Difficulty: Hard

Bloom Level: Creating

Marks: 5

****Question**:** Formulate a comprehensive moral lesson combining all three chapters.

Answer Key: Think carefully (Ch01), investigate thoroughly (Ch02), and stand united (Ch03). Never let impulsiveness, ignorance, or internal conflict create opportunities for others to exploit you.

Question 40

Question ID: BK03_CH03_LA_040

Difficulty: Hard

Bloom Level: Creating

Marks: 5

****Question**:** Write a book review of Chapter 03 for a school magazine.

Answer Key: 'Two Cats and the Monkey' is a brilliantly crafted Panchatantra tale about two cats who lose their entire roti to a cunning monkey because of a petty argument. With vivid characters and a powerful moral about unity, it teaches young readers that fighting amongst friends only benefits outsiders. A timeless lesson in every bite — literally!
